SECOND DAY'S SESSION.

WEDNESDAY, March 20th, 1901.

Journal of last meeting read and approved.

Report of Special Committee.

The Special Committee, consisting of Messrs. Collins, Lyon and Kelley, who were appointed at the session in March, 1900, to investigate the matter of the enlargement of the Wayne County Clerk's Office, submitted their report which was read as follows:

To the Board of Supervisors of the County of Wayne:

The undersigned members of your committee, appointed by resolution of your Board, dated March , 1900, to inquire into the matter of the enlargement of the Wayne County Clerk's Office, and report plans, specifications, and estimates, do report as follows:

That the building now occupied as Clerk's Office, Surrogate's Office and Treasurer's Office, is in good condition, but inadequate in size and accommodations for the proper transaction of the public business, and ought to be enlarged and modified to meet present and future requirements.

Whilst the conditions of the Surrogate's Office and the Treasurer's Office

are inconvenient but might be endured for a time longer, the accommodations of the Clerk's Office are inadequate for want of proper space, and call for an enlargement of the present building.

All the foregoing could be amply remedied by an addition to the south end of the present building upon the vacant lot already owned by the County. Such an addition would be about 28x34 feet, two stories high, and when properly completed, meet all requirements.

Of course it should be fire proof, and so constructed as to form a symmetrical continuance of the old building.

Some internal changes would also be necessary in order to adapt the old part to the enlarged structure.

Your Committee, after careful consideration, recommend the following plans and specifications:

1. The present building to remain unchanged as to the north portion thereof up to and including the first partition wall running east and west and constituting the south side of the business office of the County Clerk and the court room of the Surrogate.

2. The new portion, both stories and the present Treasurer's Office to be divided by a partition wall extending upwards and southward, and in continuation of the wall which now divides the present record room from the recording room.

3. The present record room to be continued at its present width and height through the new part and to the south wall thereof. This will require the removal of the lower east section of the present south wall. This room will be about 15x51 feet.

4. The whole of the first floor of the new part west of the said north and south partition wall to constitute a recording room 14x28 feet.

5. The present recording room to be rearranged and divided as follows: The southwest portion thereof 11½x13 feet to be finished into a private office for the County Clerk; the portion north of such private office to be finished into a cloak room and an enlargement of the present toilet room and to be about x feet; the remainder of said present recording room to be finished into a hall leading from the said business office of the County Clerk to the new recording office.

6. The present partition between the present private office of the Surrogate and the present County Treasurer's Office to be removed, and said private office of the Surrogate and that portion of the present Treasurer's Office east of the partition wall extending north and south in continuation of the west side wall of said Surrogate's private office to be finished into a library and consultation room for the Surrogate and to be about 15½x22 feet.

7. The whole of the second story of the new part to be set apart for the use of the County Treasurer and divided and arranged as follows: The west portion thereof to be used for Treasurer's office, the south portion thereof for a business office and the north for a reception room, and to be divided by a suitable secretary or counter for the use of said Treasurer.

8. The east portion of said second story of new part is to be subdivided by a partition wall in such manner that the south part may be fitted for a private office for said Treasurer 8½x15 feet, and the north part as a record room for said Treasurer 15½x19 feet. The said rooms

to communicate with each other by suitable doors.

9. A suitable hallway to lead from the head of the present stairway south along the west wall of the building, and of suitable width, to the said Treasurer's reception room.

10. On the east of the last named hallway is to be a stairway leading from the second floor to the attic.

11. To the west of said Surrogate's consulting room is to be a suitable closet, and also a toilet room for the use of said Surrogate's rooms.

12. On the east of said hallway leading to said County Treasurer's reception room, is to be arranged a closet, and also a toilet room for the convenience of said Treasurer's rooms.

13. Suitable doors for the convenience of said hall and of said closets and toilet rooms are to be properly arranged, and also suitable doors and windows for all the rooms of the building.

14. The basement of said addition to said Clerk's office to be fitted for use as a storage room.

Your committee estimate the expense for the foregoing additions and changes at about \$5,500.00.

All of which is respectfully submitted.

Dated, Lyons, N. Y., Jan. 10th, 1901.

T. W. COLLINS,
SAMUEL LYON,
Committee.

Mr. Wilson moved that the foregoing report be received and placed on file.

The motion was carried.

be made a special order for to-morrow morning at 10:30 o'clock.

The motion was carried.

Also a second committee of three to prepare plans and advertise for bids for the painting of the interior, for office furniture, shelving for books and filing cases, the action of both committees to be subject to the approval of the Board of Supervisors.

The two committees may meet together as often as may be necessary as a committee of the whole for conference. The first committee may make changes in the present floor plans so that the enlargement will not encroach on the road or highway on the west of the building.

The resolution was adopted.

The Board took a recess until 2 p. m.

Afternoon Session.

By MR. ANDREW:

The resolution was adopted.

Report of Special Committee.

The committee appointed to attend the "Good Roads" Convention at Albany last February, made the following report:

Report of committee sent to Albany to the Good Roads Convention:

To the Honorable Board of Supervisors of the County of Wayne, N. Y.:

GENTLEMEN:—Your committee to attend the meeting and discussions on the Good Roads question at Albany, respectfully report as follows:

The convention was called to order at 11 o'clock in the City Hall by State Engineer Bond, who made a brief address stating the objects of the convention. He was elected Temporary Chairman and John C. Crowley, of Chemung, Temporary Secretary. The Committee on Permanent Organization was appointed as follows: Messrs. Lee of Westchester, Potter of Niagara, Fitch of Orleans, Conboy of Erie, Brownell of Broome, Mosher of Orange, Van Wagoner of Ulster, Chamberlain of Chemung, Lawrence of Franklin, and Leach of Chenango.

After a twenty minutes' recess, the committee reported the following officers which were elected: Permanent Chairman, George H. Smith of Monroe; Permanent Secretary, John C. Crowley of Chemung; Vice-Presidents, Mr. Wilcox of Onondaga, and Mr. Glidden of Orleans.

Committee on Business—Messrs. Wil-

cox, Onondaga; Ward, Orange; Potter, Niagara; Lyon, Broome; Hopkins, Westchester.

Committee on Legislation—Messrs. Goodsell of Orange; Murtaugh, Chemung; Fitch, Orleans; Murphy, Erie; and Robinson, of Albany.

On Resolutions—Messrs. Lawrence of Franklin; McNamee, Ulster; Mabie, Putnam; Dalrymple, Chenango; Bedell of Albany.

To Wait on Governor—Messrs. Bond, chairman; Lee, Westchester; White, Genesee; Cox, Nassau; Clark, Rockland; Conboy, Erie; Fitzgerald, Jefferson; Plank, St. Lawrence; Moore, Dutchess; and Loughran, Orange.

Chairman Smith made a brief address, after which it was announced that Governor Odell would meet the delegates at noon. Then Mr. Bond made an address giving a number of statistics on road building. The delegates then went to the Capitol and returned at 2:30 o'clock.

At the opening of the afternoon session the following resolution was introduced by William Walsh of Oneida:

"Resolved, That the rebate allowed under the labor law for the using of wide tires be abolished."

The resolution was referred to the Committee on Legislation.

The convention then discussed the "money system" and discussed it thoroughly. On a roll call of all the counties having representatives, it was found that sixty-eight towns in the State used the money system. The real number is considerably larger.

Mr. White, of Oneida, explained the workings of the money system in his county. He said that every town in the

county was satisfied with the system.

Mr. Loughran, of Orange, said the residents of that county have failed to use the natural advantages afforded them to make good roads. He believed that the county should have authority to improve roads and not the towns.

Mr. Wilcox, of Onondaga, said the sentiment of his constituents was for state roads under the Armstrong-Higbie law. He advocated the money system, saying it had worked satisfactorily in Onondaga County. He introduced the following:

"Resolved, That this convention advocate the money system by all towns for the construction and maintenance of their highways."

Mr. Cosad, of Seneca, opposed the resolution because he said his people had obtained excellent results from the labor system.

Mr. White, of Oneida, followed, and advocated the passage of the resolution. He detailed the excellent results of its workings in Oneida County.

Mr. Wilcox accepted the amendment changing the word "construction" in his resolution to "repair and maintenance."

The resolution was then adopted.

State Engineer and Surveyor Bond then made a brief address on the construction of State roads. He said he wished to correct the impression which prevailed that the State built only stone roads. He said the State built all kinds of roads, according to the conditions.

The Legislature Committee reported in favor of the formation of a permanent committee to confer with legislators on good roads bills. They advocated that the expense be borne by the counties having delegates on the committee. Mr.

Conboy, of Erie, said that his county always paid the expenses of any committee that they sent to Albany. He introduced a resolution recommending that the Fuller law be amended so that the Board of Supervisors may act under the cash system and still have the benefit of the 25 per cent. aid from the State. After a discussion the resolution was adopted and the Chairman authorized to appoint a committee of two to appear before the Legislature on the amendment.

Assemblyman J. B. Smith addressed the convention, explaining a bill he has before the Legislature providing that the State shall pay one-half the cost of road machinery if the town pays the other half.

Before adjournment the Chairman of the Committee on Resolutions said that any member wishing to introduce a resolution should get it in shape and hand it to the committee. After which the convention adjourned until to-morrow at 11 o'clock.

The meeting was called to order Friday at 11 o'clock, Chairman Smith presiding.

The good roads question was taken up again. Some discussions followed until 12:30, when they adjourned until 2 o'clock to go in a body to the lecture, which was very instructive in the matter of making good roads, draining and maintaining them.

It was moved and amended that the Legislature and the Governor be requested to appropriate at least \$1,000,000.00 for the good roads. The amended resolution was unanimously carried as above given, after considerable discussion.

Respectfully,

J. T. PEARSALL,

S. B. DEAN,

Committee.

Mr. Briggs moved that the report be received, placed on file and printed in the proceedings.

The motion was carried.

On motion of Mr. Andrew the Board adjourned until 9 o'clock to-morrow morning.

Pursuant to adjournment on May 7th, the Board met in special session at the Supervisors' room in the Court House at Lyons, N. Y., on the aforesaid date, Chairman Smith presiding.

A majority of the members were present.

Report of Special Committee.

Mr. Lyon, Chairman of Committee on the Enlargement and Improvement of

the County Clerk's Building, reported as follows:

To the Honorable Board of Supervisors of Wayne County, N. Y.:

GENTLEMEN:—Your Committee on the Enlargement and Rebuilding of the County Clerk's, Treasurer's, and Surrogate's Building, would respectfully report.

That we presented plans and specifications to your Board which were adopted by them on the 17th day of April, 1901. The said plans and specifications were prepared by Joseph Blaby, architect, of Palmyra, N. Y., under the direction of the committee, in accordance with a contract entered into with him on the 17th day of April, 1901, by which he was to have as a compensation the sum of three and one-half per cent. ($3\frac{1}{2}$ per cent.) of the cost of the improvements, payable according to the terms of the said contract.

Your committee advertised for bids in all of the Wayne County papers for three insertions, and in the Rochester *Democrat and Chronicle* and the Syracuse *Herald*, on alternate days for 20 days, that is ten insertions in each paper.

A copy of the proposal accompanies this report.

The bids were closed on the 6th day of May. The committee received the bids from the County Clerk and opened them on the 7th day of May, 1901. The following bids were received:

1st—A bid from Henry Schreiber, of Lyons, N. Y., for the whole job complete, with the exception of painting, plumbing, heating, ventilation and fire proofing, in accordance with the plans and specifications for the sum of..\$ 9,200.00

And to include the fire-proofing for an additional sum of.. 2,200.00

Making a total of.....\$11,400 00

It having been ascertained that the window frames at present in the old building were of iron, while the new specifications called for wood window frames with steel casings, the committee determined that the new frames should be similar to the old ones, so Mr. Schreiber put in a new bid to put in the iron window frames for an additional sum of \$700.00, making a total of \$9,900.00. Mr. Schreiber then offered to make a reduction of 5 per cent. on his bid, amounting to a reduction of \$495.00, leaving the total bid the net sum of \$9,405.

2nd—A bid from C. H. Shuman and C. W. Van Buren, of Newark, N. Y., for material, mason work, heating and ventilation, plumbing and painting.....\$ 8,136.90
Carpenter work..... 3,390.00
\$11,526.90

They offered to make a reduction of..... 100.00

Leaving total bid the sum of...\$11,426.90

3rd—A bid from Zimmerlin Brothers, of Lyons, N. Y., for steam heating, plumbing and ventilation, for the sum of.....\$ 1,619.75

4th—A bid from Barr & Creelman, of Rochester, N. Y., for heating and ventilation...\$ 1,547.00
For plumbing..... 344.00

Making a total of.....\$ 1,891.00

5th—A bid from F. Nusbickle,

of Lyons, N. Y., for plumbing.....\$ 487.17
For heating and ventilation..... 1,624.00

A total of.....\$ 2,111.17
(No check accompanied this bid.)

6th—A bid from William Wilson, of Geneva, N. Y., for plumbing and gas fitting.....\$ 488.46

7th—One bid from Edward P. Bates, for steam heating and ventilation\$ 1,183.00

8th—A bid from H. H. Parmenter of.....\$ 9,470.09
Excepting heating, plumbing and interior work.
(No check accompanied this bid.)

9th—A bid from A. E. Marshall for plumbing.....\$ 634.00

10th—A bid by H. L. Comer, of Lyons, N. Y., for outside painting \$ 167.00

The bid from Mr. Henry Schreiber of.....\$ 9,405.00
And the bid of Zimmerlin Bros. of..... 1,619.75

Making a total of.....\$11,024.75
was accepted by your committee.

The difference between the Schuman bid with the painting deducted, leaving.....\$11,259.90
And the Schreiber bid of..... 11,024.75

Leaves a balance in favor of Schreiber of.....\$ 235.15

The estimated cost of fire-proofing with copper was....\$ 4,100.00
Extra for genuine copper..... 1,500.00
\$ 5,600.00

The committee realizing the greatly increased cost for copper fire-proofing,

deem it inadvisable to use it in the building, believing that the building as contracted for will be as near fire proof as is necessary, and with steel filing and book cases we believe that the building and interior fixtures will be practically fire-proof.

There being only one bid for the painting your committee did not act on it.

Your committee would respectfully recommend that a contract be entered into with Henry Schreiber and Zimmerlin Brothers to carry out the work of rebuilding the County Clerk's, Treasurer's, and Surrogate's building.

We have employed Mr. E. W. Hamm to draw the contracts for the same, which, together with the bids received, are respectfully presented to your Honorable Board.

Respectfully submitted,

SAMUEL LYON,
G. W. BRINKERHOFF,
J. A. CURTIS,
G. J. WILSON,
S. B. DEAN,

Committee.

Your committee would also recommend that the sum of \$11,583.47 be raised to pay the expenses of rebuilding the County Clerk's building, covering the following items:

To Pay Contractor Henry Schreiber.....	\$ 9,405.00
To pay Contractors Zimmerlin Brothers.....	1,619.75
To pay estimated cost of painting.....	167.00
Architect's fees.....	391.72
	<hr/>

man of Committee No. 8, on County Buildings, the following note is added.

Whereas at the request of Peter R. Sleight, J. G. Pitts and Clark Phillips, as Railroad Commissioners of the town of Arcadia, Wayne County, N. Y., that their office as said commissioners be declared vacant upon the appointment of W. H. Kelley, Supervisor, as commissioner of said town.

Therefore Resolved, That we, the Town Board of Arcadia, County of Wayne, N. Y., do petition the Board of Supervisors of the County of Wayne to appoint W. H. Kelley as R. R. Commissioner in place of Peter R. Sleight, J. G.

Pitts and Clark Phillips in accordance with, and as the law provides.

Mr. Andrew moved that a committee of three be appointed to investigate and report the proper action to be taken on the above petition. The motion was carried.

The Chairman appointed as such committee, Messrs. Kelley, Wilson and Andrew.

Resolutions.

By MR. BRIGGS:

Whereas, in the report made by R. W. Hill of the State Board of Charities on his late visit and inspection of the Wayne County Home as read before this Board there occurs the following language to wit :

“Water supply mainly from the Canal. There should be a quick acting pump of large capacity and a new or larger wells as canal water is dangerous for drinking purposes and will promote intestinal trouble and fevers.”

And, whereas, there are three good wells on the premises, two with wind mills attached pumping into a reservoir holding thousands of gallons from which water is piped to the buildings the third in close proximity to the buildings equipped with a hand pump, (excepting during our present building operations.)

And, whereas, Canal water is used solely for flushing closets, laundry and other washing purposes, and there never has been necessity for its use for drinking or culinary purposes, and it has nev-

er been so used with the knowledge of the County Officials.

Therefore, Resolved, That the portion of said report so published conveying the impression that Canal water is being used for drinking purposes has no foundation in fact.

That its publication does great injury and injustice to the people of Wayne County who are using every effort and expending thousands of dollars for the comfort, care and healthful surroundings of their unfortunate poor.

And, Further, Resolved, That we, the Supervisors of Wayne County, protest against the publication of so much of said report as conveys the false impression that there is necessity for, or that Canal water is being used for drinking purposes, and we further respectfully ask that the State Board of Charities shall order stricken from the report such portion as conveys such wrongful impression.

Resolved, that the Clerk of this Board shall immediately transmit to the State Board of Charities a copy of this preamble and these resolutions.

The resolutions were adopted.

Report of Standing Committees.

Mr. Wilson, Chairman of Committee No. 3. reported on several bills which on motion of Mr. Briggs were laid on the table under the rules.

Report of Special Committee.

Mr. Briggs, Chairman of Committee, reported as follows :

Report of Special Committee appointed to investigate as to powers of Judges to order Court Libraries, &c.

MR. CHAIRMAN :

Your Committee begs leave to report that after consultation they deemed it best to employ Counsel outside of this Judicial district. We therefore employed Hon. Theodore E. Hancock, of Syracuse, submitting to him copies of the various Court orders in the case. We have received his written opinion which is hereto attached and made a part of this report.

We recommend that a copy of this report with the opinion attached be served on our County Treasurer, thereby praising him of our views and the law relative thereto.

ALBERT H. BRIGGS,
P. H. PRINDLE,
Committee.

SYRACUSE, N. Y., Nov. 25, 1901.

Albert H. Briggs, Chairman, P. H. Prindle and W. H. Kelley, Committee, etc. :

GENTLEMEN :

I am in receipt of a copy of the resolution adopted by the Board of Supervisors of Wayne County appointing you a committee to investigate "the power of Judges to order" Libraries for the Court and to issue orders on the Court fund "in payment therefor," and you have also submitted to me what purports to be a copy of an order made at a special term of the Supreme Court, held at the Court House in the Village of Canandaigua, N. Y., the 6th day of May, 1901, from which it appears that a committee theretofore appointed by the order of the Supreme Court, for the purpose of selecting a Court Library for the County of Wayne and to ascertain the cost of the same, has made a report to the Court submitting a list of books essential and necessary in the judgment of the committee for the proper conduct of the Courts within the County of Wayne.

The order to which I have first referred, made upon the 6th day of May, 1901, authorizes and empowers this committee to purchase for and on behalf of the County of Wayne the books recommended and selected by the Committee, and further directs and orders upon the filing with the Treasurer of the County of Wayne, the bill for said books together with the certificate of this committee that the same had been duly received and placed in the Library Room in the Court House in the Village of Lyons, that the County Treasurer "shall pay or cause to be paid to the person or persons furnishing said books, the sum not exceeding \$1,000 from the Court funds that shall be or come into his hands as such Treasurer of the County of Wayne."

It is desirable in order to secure proper administration of Justice that Judges

shall be supplied with statutes, reports and text books for the purpose of consultation and that undoubtedly was the view of the learned Judge who made the order to which my attention has been called and concerning which you have indirectly asked my advice and opinion. For this reason, it is with some hesitation that I advise you concerning this matter; but as you ask my opinion concerning a question of Law, I have the honor to state as follows :

There are certain inherent powers in the Court to incur necessary expenses, to use the language of the authorities "to incur such expense as may judicially be determined to be necessary to maintain authority, punish offenders and prevent the miscarriage of justice."

And No. 31 of the Code of Civil Procedure provides as follows :

"Except where other provision is made therefor by law, the Board of Supervisors of each county and in the city of New York the municipal assembly thereof must provide each Court of Record appointed to be held therein with proper and convenient rooms and furniture, together with attendants, fuel, lights and stationery suitable and sufficient for the transaction of its business; and upon an order of the Court for suitable and proper food and lodging and expenses for a jury kept together either during the progress of the trial or after their retirement for deliberation. If the Supervisors or said municipal assembly shall neglect so to do the court may order the sheriff to make the requisite provision and the expense incurred by him in carrying the order into effect when certified by the Court is a County charge."

I am not aware however of any gener-

al provision of law which authorizes the Court to order the purchase of a Law Library at the expense of a county, even assuming that such purchase in the judgment of a Committee is "essential and necessary for the proper conduct of the Courts."

Unless there is some special statute relating to the County of Wayne, or the County authorities have set aside some fund subject to the order of the Court, for the purchase of Law books, which I assume is not the case, the procurement of a Law library by Court order would not come within the provisions of the section quoted, which is to be strictly construed and not carried further than its terms reasonably warrant and, furthermore, it may be said that there is nothing in the order itself which indicates that the Supervisors have neglected or refused to observe the provisions of the Code. Our Appellate Courts have in several cases passed upon the authority of a Court to make orders of its own motion and have them disposed to restrict rather than enlarge such authority.

Yours respectfully.

Mr. Briggs moved that the report be adopted, placed on file and printed in the proceedings, and called for Ayes and Nays.

Vote taken and resulted as follows :

Ayes—Wilson, Murphy, Prindle, Curtis, Briggs, Osborn, Warner, Wade, Smith, Pearsall, Andrew, Lyon, Brinkerhoff, Dean and Kelley, (15.)

Communications.

The following communication was read.

EDWARD A. BOND, State Engineer.
WM. PIERSON JUDSON, Deputy State Engineer.

STATE OF NEW YORK,
OFFICE OF THE
STATE ENGINEER AND SURVEYOR, }
ALBANY, November 25th, 1901.

SUBJECT: "Supervisors' Convention."

Mr. Whitney J. Toor, Clerk of Board of Supervisors, Sohus, N. Y.:

DEAR SIR :

That the public sentiment in favor of the improvement of highways by means of State aid is rapidly growing, is evidenced by the large increase in the amount of the annual appropriations made by our Legislature for that purpose.

The appropriation in 1898 was fifty thousand dollars, while that in 1901 was four hundred and twenty thousand dollars.

The Boards of Supervisors of the several counties throughout the State take such a prominent part in the various steps of this work that I have endeavored to keep in close touch with them, not only for the purpose of rendering such assistance as I can in this matter, but also with the hope of thus being the better enabled to carry out the spirit as well as the letter of the Act, for the execution of which these appropriations are made.

For this reason, and in compliance

with section 15 of Chapter 115 of the Laws of 1898, I wish you would call the attention of your Board of Supervisors to the enclosed resolution appointing delegates to attend the third annual Supervisors' Highway Convention to be held in Albany in 1902. January 28 and 29, or February 4 and 5, have been suggested as the dates upon which to hold this convention and I will be glad to receive an expression of opinion from your Board as to which would be preferred by them. The date accommodating the greatest number will probably be the one selected.

I would also be glad to have your Board suggest the names of three or more Highway Commissioners in your County, who could be invited to attend the convention.

It is expected that the Hon. Martin Dodge, Director of the Office of Public Road Inquiry of the Department of Agriculture, Washington, D. C., will deliver an address outlining the progress of highway improvement throughout the Union, and it is also expected that persons prominently interested in Good Roads work in Massachusetts, New Jersey, and Connecticut, will be present, thus adding largely to the interest of the convention.

I inclose herewith a form of resolution which, if adopted, please send to me as soon as possible.

Delegates will be notified in due time as to the date upon which the Convention will be held.

If your Board is not in session upon receipt of this letter, will you kindly inform me when it will convene.

Very truly yours,

EDWARD A. BOND,
State Engineer and Surveyor.

The above are a part of a block of refunding bonds amounting to.....\$75,400 00

The above bonds were issued as follows, in compliance with Chapter 316, Laws of 1886 and Chapter 158, Laws of 1887.

The above mentioned bonds bear interest at 4 per cent. payable on the first days of April and October each and every year. These bonds were issued to take up and cancel a certain \$85,000.00 of bonds which bore 7 per cent. interest issued by the former R. R. Commissioners, Messrs. Hill, Boynton and Casey.

The amount of the above bonds compromised, refunded and cancelled at the last report was.....	\$82,900 00
Still outstanding.....	2,100 00

Total.....\$85,000.00

The interest and principal of bonds issued by Supervisors Hill and Johnson are payable at the American Exchange National Bank of N. Y. City, and are coupon bearing bonds, and those issued by Supervisor Pintler are payable at Oswego County Savings Bank at Oswego, N. Y., and are registered bonds.

In addition to the above there were issued by Supervisor Hill, but not referred to in his report, certain alleged refunding bonds of the town of Ontario, bearing interest at 4 per cent. and dated as follows:

The above alleged bonds bear interest at 4 per cent., payable April 1st and October 1st in each year. The town knew nothing of the existence of these bonds up to the fall of 1896.

The following suit is pending to which the town of Ontario is a party :

A suit in the Supreme Court in which said Town was plaintiff and the County of Wayne is defendant, which was commenced in February, 1900, to compel the County to restore to the Railroad Sinking Fund of said Town, certain sums of money raised by taxation upon the Railroads in said Town and which it is claimed have never been placed in said Sinking Fund; said suit has been tried and submitted to the Court for decision.

Report of Committee No. 14 on U. S. Loans :

To the Honorable Board of Supervisors of the County of Wayne, N. Y. :

GENTLEMEN :

Your Committee No. 14 would respectfully report that they have examined the report of E. T. Boyd, Loan Commissioner for the year 1901, and find it correct. We have examined his vouchers and the record of mortgages now in force, and find the vouchers for all sums claimed to be paid to agree with the report. There are now in force twenty-five mortgages. The total amount secured by the same is the sum of Nineteen Thousand Four Hundred and Forty-One Dollars and Fifty-Four Cents. (\$19,441.54.) We hereto attach a list of the mortgages showing the number, the principal, the town in which the mortgaged lands are situated and the number of acres covered by each mortgage and from the best of our knowledge and belief the securities are ample for the amounts so loaned.

Respectfully submitted,

JOHN T. PEARSALL,
SAMUEL LYON,

Report of Select Committee.

Mr. Brinkerhoff offered the following report.

Report of the Committee from the Board of Supervisors of the County of Wayne attending the Thirty-first annual Convention of the County Superintendents of the Poor, of the State of New York, held at Buffalo, June 18th to 21st, 1901.

To the Honorable Board of Supervisors, of the County of Wayne, N. Y.:

GENTLEMEN:

Your Committee chosen to attend the Convention of the Superintendents of the Poor of the State of New York, held at Buffalo, June 18th to 21st, 1901, have

First. We would say that the attraction at the great Pan-American Exposition had a tendency to draw somewhat from the convention thereby causing a smaller attendance and took perhaps from the Convention some of its interests which would have been there had it not been for the great Pan-American. We would state however in this connection that your committee arrived at Buffalo early in the day of its first day's session and attended every meeting of the Convention. The convention was called to order at 11 o'clock A. M. by its President, D. C. Grunder, of Allegany county. And prayer was offered by the Rev. O. P. Gifford, of Buffalo. An address of welcome was then given by the Hon. Conrad Diehl, Mayor of Buffalo, which was very highly applauded, and the response was given by the President of the Convention, D. C. Grunder. The President addressed the convention for about fifteen minutes stating the object of the meetings which was the best and most economical way to care for our dependent poor. He also gave to them, many subjects which would come before the convention for their discussion and consideration. The convention was then entertained by a Ladies' Quartette, who sang a few selections which were highly appreciated.

The convention was then declared open for work.

And after some preliminary work the convention adjourned until 2:30 P. M. and all delegates present were requested to register during the recess.

The meeting called to order at 2:30 P. M.

Letters and telegrams had been received from different ones expressing

their regrets at not being able to be present. These were read. The President then announced the appointment of some committees, after which we listened to the reading of a paper, by the Hon. George Blair, of New York City, on the subject of "Practical Charity," which was very interesting and fully appreciated, yet it might be criticised.

It brought out quite a spirited discussion. All papers read before the convention were open for discussion and it was expected that any member who so desired would express his views upon the subjects under discussion. After the discussion on Mr. Blair's paper had closed the President called for the paper of Dr. Robert W. Hill, Inspector of Almshouses, from the State Board of Charities. This paper dwelt on "Classification of Inmates in Almshouses and Other Public Institutions." A copy of Dr. Hill's paper may be found in the printed proceedings of the convention.

The next on the programme was a paper read by Miss Marion Moore of Erie County on "Prevention in Small Communities." This paper was quite lengthy yet very interesting, and after the reading was finished a general discussion took place by the older members of the convention on both papers read, which may be found, in part, in the printed proceedings. After these discussions closed the President called for a paper from Mr. W. P. Constable, a commissioner of charities from Yonkers, N. Y.

Subject: "The Breaking Up of the Families of the Poor, Its Humanity, and Its Influence as a Whole on the Question of Pauperism," and the duty of officials in such cases. This paper was listened to with greater interest than any other read before the convention; after the

reading of the paper a motion was made to defer the discussion until the next morning. The convention then adjourned until Wednesday morning.

The convention was again called at 10 o'clock Wednesday morning. The committee on organization reported as follows:

We recommend to this convention the election of the following gentlemen as officers of the next convention,

President—A. W. Weber, of Otsego county.

First vice president—W. P. Constable, of Westchester county.

Second vice president—P. Redmond, of Jefferson county.

Secretary and treasurer—James W. Ives, of Wyoming county.

The report of the committee was unanimously adopted.

Then came a discussion on the paper of Mr. Constable read the previous afternoon; this was very interesting and instructive and many delegates took part in the discussion, among whom were Mr. A. M. Wright, Chief Inspector of compulsory educational law, and Mr. E. Trott, Agent of State Charities' Aid Association of New York.

The paper read by Mr. Constable and the discussion upon the same in part may be found in the printed proceedings of the convention which were distributed to this Board by Superintendent A. D. Wood.

Next came a paper by L. L. Long, Superintendent of Erie county. Subject: "Why Superintendents of the Poor Should Keep a Complete System of Records." This paper was listened to with great interest and Superintendents and Supervisors, after hearing or reading it

with its discussions, should profit thereby.

Next on the programme was a paper read by G. L. Mosher, Superintendent of Cattaraugus county, subject: "Dependancy and Crime." This was a subject which all were interested in and it was listened to very attentively. It contained many truths which we might profitably ponder over before taking action.

The convention then adjourned until 2 P. M.

At 2 P. M. reconvened.

The President then introduced Mr. George, of the Junior Republic of Tompkins county, who addressed the convention on the subject of "Care and Treatment of Wayward Boys and Girls." His address was an able one and he was frequently interrupted by questions asked, he having given the members that privilege at the beginning of his address.

Next was an address by Dr. Pryor, of Buffalo. It was an appeal to the State to build an institution in the Adirondacks where the Superintendents of the Poor could send those poor people who are known as consumptives.

Next was an address by the Hon. Henry W. Hill, State Senator of Erie county, who took up the same subject as Dr. Pryor and also advocated it.

The convention then adjourned until Thursday morning.

The convention reassembled on Thursday morning at 10 o'clock.

The president at this time appointed some committees and then called for the report of Mr. E. Trott of the Children's Aid Society of New York.

The said report may be found in the printed proceedings of the convention

where it is stated that this Society take children from three months up to twelve years of age and find homes for them at an expense of ten dollars which is to pay for transportation and a suit of clothes for the child.

Mr. Mayo, Superintendent of the Industrial farm in Columbia county, addressed the convention on the subject of "Care and Treatment of Wayward Boys." Mr. McKenna then gave a History of the Catholic Home Bureau.

Convention adjourned until 2 P. M.

The convention was called to order at 2 P. M. and the President called for reports of committees. The committee on time and place for the meeting of the next convention recommended that it be held in the city of Yonkers, N. Y. This recommendation was adopted by the convention.

Your committee would report that they have given only a brief outline of the business which came before the convention and for further information would refer you to the printed proceedings of the convention.

Respectfully submitted,

By MR. LYON:

Whereas—The effect of the enacting of Chapter 437, Laws of 1901, of the State of New York, which became a law April 19, 1901, amending Chapter 568 of the Laws of 1890, entitled An Act in relation to Highways, constituting Chapter 19 of the general laws is as follows:

The time in this chapter in section one, subdivision one, in which the Commissioner of Highways shall notify persons, or corporations who have not entirely performed or commuted for their highway tax, has been set at a time between the first and fifteenth days of September to appear before the Supervisors, also changing the time in sections 66 of the Highway law, when the overseers of the highways shall return to the Commissioner all unworked or uncommuted for Highway tax from the first day of October to the first day of September.

The effect of this Act is to shorten the time when labor can be performed on the highway at least one month in each year. It would have been better to have lengthened the time so as to give more time to work on the roads and it frequently happens that very much work can be done in the months of September and October, particularly in towns operating Stone Crushers. Therefore

Resolved—That this Board of Supervisors request our State Senator, Hon. John Raines, and our Assemblyman, Hon. Frederick W. Griffith, to procure at the next session of the legislature, the passage of an act amending said chapter 437 by changing the time in Section 1, Subdivision 1, from the first and fifteenth days of September to the first and fifteenth days of October, and the time in Section 66 of said act from the first day of September to the first day of November.

Also that section 60 of the Highway laws be amended so as to include with Corporations in the manner of working or commuting for assessed highway labor all persons who may be assessed for high-

way labor on personal property for six days or more, and such person or persons may be required to perform or commute one-third of such assessed labor in one day, but shall not be required to work or commute for more than 50 days in any one day and such person or persons shall be given the same notice as to time as is given to persons who are assessed on real property.

Also—That the Clerk of this Board furnish a copy of this resolution to our State Senator and our Member of Assembly.

Report of Special Committee.

To the Board of Supervisors of Wayne County, N. Y. :

GENTLEMEN :

Your committee appointed to draft a suitable memorial on the death of James O. Clark, respectfully submit the following:

James O. Clark, the subject of this memorial, died at his home at East Palmyra, May 1st, 1901, aged 69 years. When a young man he had the ministry in view and had nearly finished a course at Williams College when imperfect eye-sight compelled him to relinquish his purpose and return to farming. For thirty years he was one of the leading members of Palmyra Grange, and a

writer of more than ordinary ability on agricultural subjects. Had he lived he would have probably become a regular contributor to the New York Tribune, as that paper was anxious to attach him to its staff. His townsmen elected him Supervisor for the years 1889-90-91 and 1892. He gave excellent satisfaction and at his death he was one of the assessors of his town. Mr. Clark was a man whose loss will be felt for many years in the community of which he was a central figure for all the years of his well spent life.

Report on Visit of Inspection to Willard State Hospital.

By MR. BRIGGS :

MR. CHAIRMAN : Your committee appointed to report on our visit of inspection to the Willard State Hospital, on Dec. 18th, is embarrassed in his duty by the lack of details and statistics that he would have gathered, had this honor been conferred before, instead of after such visit.

We found the number of inmates to be 2,275, of whom 115 are from Wayne County, an increase of 30 since the visit of the Board in 1898. Doctors Russell and Curry accompanied us in our inspection. Both are genial, kind-hearted men and extended to us every possible facility in visiting the numerous buildings. We found that 55 per cent of the inmates were employed regularly at such work as they are best adapted to or have a fancy for, and it is noticeable that those who perform some kind of labor are in better health than the idle ones. It is gratifying to know that instead of clanking chains, straight jackets and gloomy dungeons, formerly used to restrain insane persons, the other extreme has been reached and is being practiced. Their food is abundant, of the best quality and great variety; their surroundings are pleasant, even to luxury: broad, well-lighted halls and sitting rooms; beautiful pictures adorn the walls, singing birds in the windows, pianos in each building, a large and fully equipped opera house in which the patients enjoy a great variety of entertainments, gar-

dens, green houses, orchards, vineyards, parks and broad fields where patients can exercise to suit their fancy. In short, every possible means is apparently employed to quiet and soothe, rather than irritate and annoy patients. These facts should afford great satisfaction to all whose hearts are not callous to the sufferings of those unfortunates, who, bereft of reason, are doomed to end their days within these walls, some piteously pleading for home and friends, others more mercifully afflicted, taking no note of time or their surroundings, sitting listlessly or wandering aimlessly until the merciful Father shall call them one by one to their eternal home.

While the hours spent there were sad ones, they were interesting and instructive. State care of the insane is expensive but I think all were satisfied. The change from our former system has been beneficial and should be continued.

Resolutions.

By MR. DEAN :

Resolved—That the Clerk of this Board be instructed to draw an order on the County Treasurer in favor of A. F. DuBois to pay for printing the Supervisors' proceedings, when said proceedings are printed, bound and accepted by the printing committee and delivered to Clerk according to contract.

By MR. ANDREW :

Resolved—That the Clerk of the Board be and he is hereby directed that in spreading the taxes levied by this Board of Supervisors for Town, County and State purposes, he shall leave out of view the assessed value of all railroads, the taxes upon which are required by law to be set aside for a sinking fund for the benefit of the respective towns namely, in the towns of Sodus, Ontario and Wolcott, the Rome, Watertown and Ogdensburgh Railroad, and in the town of Arcadia, the Northern Central Railroad (so called).

The Clerk shall spread the town taxes on the remainder of the assessed property in said Towns, and the County and State taxes on the remainder of the assessed property in the County.

The Clerk shall assess a tax at the same rate upon the assessed value of said railroads in said Bonded Towns as is used in assessing the Town, County and State taxes in said Towns. The resolution was adopted.

Report of Special Committee.

Mr. Briggs, Chairman of the Committee to draft a suitable memorial on the death of Jeremiah Thistlethwaite, submitted the following:

In memory of Jeremiah Thistlethwaite, Supervisor of the Town of Macedon in 1876.

Jeremiah Thistlethwaite died at Macedon on October 16th, 1901, aged 77 years.

He was born in England and came to this country at the age of 16 years, locating first at Millville, Orleans County, N. Y. In 1843 he moved to Macedon where he was employed as clerk by Alexander Purdy. Two years later he became interested in the lumber business, conducting lumber camps and saw mills in Pennsylvania and Canada, finally locating as a wholesale lumber dealer in Buffalo, N. Y. His good judgment and careful attention to every detail of his business insured continuous success, and in 1864 he retired and took up his residence in Macedon, where his social qualities, sturdy honesty, integrity and uprightness won for him the respect and esteem of all whom he met. Taking an active part in politics he was elected by the Republicans to a seat in the Board of Supervisors in 1876. And in the following year he was elected a member of Assembly from the second district of Wayne County. He was always the affable, courteous gentleman, one whom it was a pleasure to meet, and one who will be greatly missed by a large circle of friends.

Respectfully,

ALBERT H. BRIGGS,
SAMUEL LYON,
SETH. B. DEAN,

Committee.

Mr. Andrew moved that the report of the Committee just read be adopted and printed in the proceedings.

The motion was carried.

Superintendent of the Poor to be Appointed Keeper.

Resolution by MR. BRINKERHOFF:

Whereas, During the past year, to properly provide for the care and protection of the official records of the County and to furnish adequate room for the proper conduct of the official business at the office of the County Clerk, County Surrogate, and County Treasurer, it became necessary to suitably repair and enlarge the so-called County Clerk's office building. And

Whereas, by reason of destruction by fire, the proper care, maintenance and comfort of the unfortunate inmates of our County Home demanded the immediate repairing and enlargement of the old buildings at the County Farm. And,

Whereas, these unusual and extraordinary demands resulting necessarily in the outlay and expenditure of very large sums of money, have been promptly and wisely met and the interests and convenience of the tax payer protected, as far as possible by securing the payment of their cost with the issuance of County Bonds payable annually during the period of ten years. And,

Whereas, the system of salaried officials has been adopted and prevails in all but one of the departments of our County Government and it has been demonstrated and proven to be successful and in the interest of Good Government, and economy. And,

Whereas, in many of the agricultural counties of the State like our own, experience has shown that the office of Keeper at the County Alms House separate and distinct from that of the County Superintendent of the Poor is entirely unnecessary and an annual useless expense of the public monies. And,

Whereas, it is evident that the affairs and business of the poor department of our County can be conducted with as great a degree of dispatch and success and with an annual saving to the County of from five to eight hundred dollars, under the direct personal supervision of a resident County Superintendent of the Poor and Keeper combined at a definite and fixed salary. And,

Whereas, A new County Superintendent of the Poor is to take office on the 1st day of January, 1902, and will have new and modern buildings and increased facilities at his command. And,

Whereas, by the appointment of the County Superintendent as Keeper of the County will be yearly saved a sum sufficient to pay and liquidate one half of the annual interest upon the aforesaid County bonds and thus relieve the burden of taxation.

Now therefore, to perfect a uniform system of salaried officials throughout the departments of our County Government and in the interest of economy to the tax payers of our county under the power and authority duly vested in this Board of Supervisors.

Be it Resolved, that John F. Doty, the County Superintendent of the Poor elect for the County of Wayne, be and he is hereby appointed and made Keeper of the Wayne County Home for and during his term of office as such County Superintendent of the Poor, and that his annual compensation for the performance of the duties of Keeper under this resolution be and is hereby fixed and made his necessary family living expenses and such sum as will together with his present per diem salary as Superintendent of the Poor, amount annually to the sum of Fifteen Hundred Dollars, and that said

appointment shall take effect on the 1st day of January, 1902.

Mr. Prindle offered the following amendment.

That the annual total compensation shall not exceed Twelve Hundred Dollars (\$1,200.00) and that said resolution shall not take effect until January 1st, 1905.

Mr. Wilson offered the following further amendment.

That the date of the taking effect of the said resolution be fixed at January 1st, 1903.

After some discussion Mr. Wilson withdrew his amendment by consent of the Board.

Mr. Prindle also withdrew that part of the amendment offered by him so far as it related to the compensation.

After further discussion Mr. Prindle's amendment was fully withdrawn.

Mr. Brinkerhoff asks leave if there are no objections to change the date in his resolution of the taking effect thereof from January 1st, 1902, to January 1st, 1903.

Mr. Briggs objected and the request was not granted.

Bonded Indebtedness—Town of Sodus.

By MR. PEARSALL, Supervisor.

To the Board of Supervisors of the County of Wayne, N. Y.:

Statement of the Bonded Indebtedness of the town of Sodus submitted pursuant to law.

Outstanding bond issued in aid of the Lake Ontario Shore R. R., now a division of the R., W. & O. R. R. and leased by the N. Y. C. & H. R. R. R.\$102,000 00

The principal of said bonds falls due as follows:

On Feb. 1st, 1902.....	\$ 10,000 00
" " " 1903.....	10,000 00
" " " 1904.....	10,000 00
" " " 1905.....	10,000 00
" " " 1906.....	10,000 00
" " " 1907.....	10,000 00
" " " 1908.....	10,000 00
" " " 1909.....	10,000 00

" " " 1910.....	10,000 00
" " " 1911.....	12,000 00
Total.....	\$102,000 00

The town of Sodus has in the hands of the County Treasurer, a sinking fund, created by Chapter 907, Laws of 1869, enforced by the Court of Appeals in the decisions of 1887 and 1892. It consists of the taxes on the R. R. property in the town, being set aside each year by the County Treasurer.

This fund now amounts to \$18,800.25 consisting of the following securities.

4 Per cent. Town of Lyons bonds.....	\$ 1,000 00
4 Per cent. U. S. Gov. bonds...	13,719 40
Cash.....	4,080 85
	<hr/>
	\$18,800 25

Adding to this the tax on the R. W. & O. R. R. which will amount to about \$1,323.88. And if we realize 50 cents on a dollar in the judgments against Case, Norris & Co., of \$7,564.64, which will be \$3,782.32, also cash in the hands of Railroad Commissioners C. L. Gaylord, T. J. Pulver, and S. W. Case, \$332.57, we will have a grand total of \$24,239.02, enough to meet the first two payments on bonds coming due in 1902 and 1903, and have a balance of \$4,239.02 left towards paying the bonds due in 1904.

We also have in the hands of Railroad Commissioners C. L. Gaylord, T. J. Pulver and S. W. Case, commissioners for the Sodus Point and Southern R. R. as reported above.

Notes in litigation amounting to.....	\$6,114 76
Deficiency judgment on Case mortgage.....	1,449 57
Cash on hand.....	332 57
	<hr/>
Total.....	\$7,897 25

It will therefore be necessary to raise this year only the interest due on bonds on the L. O. S. or R. W. & O. R. R. amounting to \$4,851.96.
